PRODUCT PORTFOLIO

A COMPLETE RANGE FOR INDUSTRIAL REQUIREMENTS

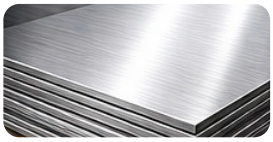

Products can be sourced against your required grade, size, finish, standard and availability.

01 JINDAL PRIME SS COILS

Coils for industrial and fabrication applications.

Specify: grade, thickness, width, finish, weight, quantity.

02 JINDAL PRIME SS SHEETS

Stainless steel sheets for fabrication and project needs.

Ask for: grade, thickness, size, finish and quantity.

03 SS PIPES & TUBES

Stainless steel piping and tubing for industrial use.

Specify: welded/seamless, OD, wall, length, grade.

04 SS FITTINGS

Piping fittings to suit project specifications.

Specify: type, size, schedule/class, grade, standard.

05 SS FLANGES

Flanges for piping and equipment connections.

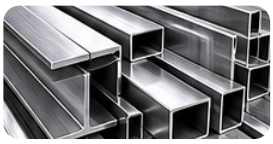

Ask for: type, size, rating, grade and standard.

06 PERFORATED SHEETS

Perforated material for filtration, engineering and design.

Specify: hole pattern, pitch, thickness, sheet size.

07 SS STRUCTURES

Stainless steel sections and fabricated structures.

Specify: section, dimensions, thickness, quantity.

08 INDUSTRIAL HARDWARE

Fasteners, nuts, bolts and allied industrial items.

Specify: item, grade, standard, size, quantity.

COMMON STAINLESS STEEL GRADES

SS 202 | SS 304 | SS 310 | SS 316 | SS 409 | SS 409M

All grades, sizes, finishes and stock subject to quotation and confirmation.

MORE THAN JUST MATERIAL

SOURCING WITH CARE.

We aim to make stainless steel procurement straightforward, with responsive communication and clear technical coordination.

WHY SHWETA STEEL

SPECIFICATION FIRST

Right grade, size and quantity based on the confirmed requirement.
